Dear Betsy & Dale,

First and foremost, I wanted to let you know how much I value your business! Secondly, I hope the dust has had a chance to settle from the move and you're starting to enjoy your new surroundings. And last, but not least, I need your assistance in order to continually improve the services I offer. Please complete the following Survey and return to me at your earliest convenience. Naturally I love compliments, but please give me your suggestions for improvement, too. Your comments will help me maintain the high quality standards I've set for myself.

Thanks in advance for your time and consideration.

Sincerely,

Rosalyn Miller
